## **BATTLEFLEET GOTHIC: LEVIATHAN – NEW CAMPAIGN FLEET ADDED THE TURN BASED TABLETOP GAME ON MOBILE**

**(Lyon, FRANCE – September 07, 2016)** Battlefleet Gothic: Leviathan, the turn based strategy mobile game set in the Warhammer 40,000 universe, will launch a **new campaign “Black Rage” on 15th September 2016**, for Android and iOS. The free update will allow players to manage the Space Marines Flesh Tearers fleet in order to protect Lysios on a new campaign map. Strategy and 40k fans alike will be able to play with those new ships for skirmish or in the multiplayer mode too.

### **ABOUT BATTLEFLEET GOTHIC: LEVIATHAN**

Battlefleet Gothic: Leviathan is the faithful digital rules translation of the eponymously titled tabletop miniatures game set in the Warhammer 40,000 universe. This turn based strategy game, themed on spaceship battles, takes place during the Shield of Baal campaign – where mighty miles long ships battle amongst the stars.

Strategy and Warhammer 40,000 fans alike will have to manage devastating fleets and battle through space in campaign or PVP player mode: In the campaign mode, players will control the powerful Imperial Navy and deadly Space Marines fleets. They'll have to protect the shieldworlds of the Cryptus system by eradicating the fearsome Tyranids from the map and winning missions. In PVP mode, gamers can fight with their favourite fleets against their friends or other players. There will be a large selection of ships to choose from – with scores of warships to customize through earned weapons and improvements.
